May Day 2012

5/1/2012

0700-2100

Situation

On Tuesday, May 1st, the "El Comite Pro Reforma Migratoria y Justicia Social" and the "May 1st Action Coalition" is sponsoring the annual "May Day March and Rally." The committee has been issued a City of Seattle Special Events permit for this event. The permit allows participants to gather and hold a rally at Judkins Park, followed by a march to 3rd Ave. and Marion St. Event organizers anticipate about 550 people to attend the event. In years past however, this event has gathered nearly 5000 people.

Beginning early Tuesday morning at Westlake Park, "Occupy Seattle" has a robust schedule of events throughout the day. The events include entertainment and the possibility of two separate marches. As of April 25th, "Occupy Seattle" does not have any Parks Department or Special Event Committee permits for their events. The "Occupy Seattle" website indicates an intention to slow the city down with a general strike.

Additionally, there is a call for a student walk-out at Seattle Central Community College at 1120 Hours, followed by a possible march from the college to Westlake Park to join the Westlake Park event.

Each of these events have the possibility of drawing participants that may engage in criminal activity, causing disruption, damage and injury to those that do not agree with their causes.

Mission

The mission of the Seattle Police Department is to enforce the law and preserve order. The Seattle Police response priorities are life safety, incident stabilization and property conservation.

Concept of Operation

Judkins Park Rally and March:

March Route:

Starting at Judkins Park (1129 23rd Ave. So.), the march will go N/B on 20th Ave. So. to So. Jackson St., W/B on So. Jackson St. to 4th Ave. So., N/B on 4th Ave. So. to Union St., W/B on Union St. to 2nd Ave., S/B on 2nd Ave. to Marion St.

1700 Hours	March scheduled to start at Judkins Park
1830 Hours	March expected to arrive at 3rd Ave. & Marion St.
1930 Hours	Anticipated demobilization of assigned resources

Deployment Plan

Following the 1200 roll call, East CPT and East ACT will deploy to Judkins Park. They will conduct uniformed emphasis operations in the immediate area surrounding the park, focusing their attentions on criminal activity or any other activity that may be disruptive to this event or police operations. They will be joined by East Bikes once the SCCC march has concluded at Westlake Park. At 1600 hours, North ACT and North Bike squads will report to the venue commander at Judkins Park.

The East Precinct Commander will ensure that bicycle fencing is staged at the Military Recruiting office at 2301 S. Jackson St. prior to the start of the Judkins Park March. The venue commander will make the decision whether to setup the fencing and staff personnel at the recruiting center.

Once the march begins, East ACT and East Bikes will be on the left side (south and west) of the march, while North ACT and North Bikes will be on the right side (north and east). East CPT will follow the march at the rear and be available to assist wherever needed. The SPD Traffic Section will provide an escort for this permitted march.

If additional resources are necessary, the venue commander will contact the IC and request additional resources from the Rapid Response Group. The Rapid Response Commander will transfer the required resources directly to the venue commander.

Occupy Seattle has indicated two separate marches on their website. They do not give any indication regarding route or intended destinations.

At 0630 hours, two officers from 1st Watch North and East (total of 4 Ofc's.) will report to West Radio and be re-assigned to handle dispatch calls in the West Precinct. At 0700 hours, six officers from the West Precinct will report to the precinct for a briefing, and then will deploy to the Westlake Park area to monitor for any criminal activity related to the "Occupy Seattle" event. All of these officers will be released at their normal end of shift time.

At 1000 hours, the two West Precinct Bike Squads and the Mounted Patrol will hold roll call in the West Precinct. Following the roll call, they will be deployed at the discretion of the venue commander.

Absent any reported or observed criminal activity at this event, SPD's profile will be exceptionally minimal within the immediate area of the event. The venue commander will give specific assignments to assigned personnel to assure readiness and a rapid response if necessary.

If additional resources are necessary, the venue commander will contact the IC and request additional resources from the Rapid Response Group. The Rapid Response Commander will transfer the required resources directly to the venue commander.

If traffic control is required for any unpermitted march by the "Occupy Seattle" event, the SPD Traffic Section will assist by providing the necessary escort to ensure a safe march. Efforts will be made to reduce the disruption caused by a march.

Uniformed personnel are tasked with responding to situations that involve criminal activity or additional crowd management duties. They will be deployed at the direction of the IC through the various venue commands. Uniformed personnel assigned to Rapid Response are not to be in the immediate area of any of the events, but must be in a ready-response mode at all times and be prepared to support non-uniformed personnel with backup and arrests.

Non-uniformed personnel are tasked with situation awareness responsibilities in and around these events, as well as at any location that may have an impact on today's activities. Undercover officers will have the primary duty of information gathering, while the plainclothes officers are responsible to ensure the safety of the undercover officers while they are in the field. The ART equipment will be staged at a location determined by the Rapid Response Command for ready access.

SWAT/CART personnel will be available to respond at the direction of the IC to any incident that requires their response. SWAT/CART personnel will not be engaged in any activities with any of the events unless specifically directed by the IC through the Rapid Response Commander.

Prisoner Processing personnel will be staged at the West Precinct and in the field to transport and process all arrestees related to these events. The roll call for Prisoner Processing will be at 1100 hours.

Video Unit personnel will video all police enforcement actions as directed by the Rapid Response Commander. Additionally, they will attempt to video any criminal activities that are related to these events.

Patrol Task Force personnel will respond from their precincts as directed by SPOC. The initial task force deployment will have city-wide task force personnel responding to West Precinct Sectors to handle 911 calls for service while West Precinct Patrol responds to the events.
